1000+ out-of-the-box widgets can be added in RELAYTO/ in one click

01

Select Add Widget from the interactivity menu

02

Paste the video url on the “add widget” input form.

You can use this one:

<https://youtu.be/Kj7EkHKSRxs>

Place the widget here

Organize Content

Organize content in hubs

Hubs **automatically** generate shared context across different kinds of assets — scrollable sites, presentations & videos — in a central, always up-to-date location. The hub and (hubs of hubs) are a radically fast to bridge “orphaned assets” into binge-worthy, organized and easy-to-search experiences.
